ALLEN EWALT

Allen Ewalt's membership has been previously denied by registration service, and explanation as to why was set forth with documentation in a letter to David K. Park on May 21, 1987.

This is the paperwork to complete that process.

Ewalt's case has been under investigation with the Skagit County Sheriff's Department since late May. There has been no resolution from them as of this date, even though I have been in contact with Detective Ron Panzero on five different occasions during the interim period. It doesn't seem to be an actively worked case and I felt we could not wait any longer in sending in this information.

Ewalt has been given the standard letter that denies his membership in the Boy Scouts of America by the Council President and myself.

Any additional information will be forwarded.

Dear Craig:

I just received a copy of your letter to David Park concerning the above-named individuals. This will be helpful to us in making certain we maintain files on both of the individuals indicated.

Enclosed, you will find Confidential Record Sheets which you may use to indicate the personal information on these two individuals. This will be most helpful in updating our files and in making certain we have the necessary information for identification, should they move to another location and try to register.

Please keep me informed. I will review the Confidential Record Sheets and let you know if there is other information which is necessary after the file has been established. Thanks for your help in protecting the youth of America.

Craig Reide, Scout Executive
Evergreen Area Council
Boy Scouts of America

Dear Craig,

Last year at summer camp, there were two personal contact incidents involving Al Ewalt and boys from Troop #121. These incidents were brought to the attention of Tim Nicholson, Fire Mountain Camp Director and Bob Vasey, Program Director at a meeting at Fire Mountain. Present at that meeting were [REDACTED] and [REDACTED]. At the request of the parents, Mr. Ewalt was asked to leave camp. With assurance from Mr. Nicholson and Bob Vasey that Mr. Ewalt would no longer be involved at Scout Camp, no further action was taken by the parents.

During a recent visit to the Council Office, we were surprised to see that Mr. Ewalt is still associated with Evergreen Area Council. Naturally, we are concerned, and expect to be assured that Mr. Ewalt will not in any way be involved in summer camp or other Scouting activities where he may be associated with youth in an unsupervised capacity that could precipitate further incidents.

On behalf of the parents of Troop #121, I would appreciate your help in this matter. Please let me know if you need further information.

Sincerely,

Dear [REDACTED]

I'm responding to your letter regarding Al Ewalt.

Having been a part of the discussion with Al Ewalt last summer at camp along with Dr. Leon Aller and Tim Nicholson, I'm aware of the agreement between Ewalt, the parents and the council.

You can be assured that Ewalt will not be a part of the staff at summer camp this year or anytime in the foreseeable future.

I just reviewed the file from last year and the agreement between the concerned parties. It was agreed that if Ewalt left camp, the parents wouldn't press charges with the proper county authorities.

This solution removed Ewalt from camp but it didn't allow for any investigation by the county authorities. Without an official investigation that would lead to charges being filed against Ewalt, the council and the Boy Scouts of America are in no position to deny Ewalt registration and involvement with other Scouting activities. The basic premise is that a man is innocent until proven guilty. Any other implications can lead to the potential of defamation of character charges.

This is a very difficult and tenuous situation, which I'm sure you would agree with. Be sure that the BSA will not tolerate a person proven to be a child molester to be involved with the Scouting program.

On behalf of our council I hope this provides a satisfactory answer to your letter.

Sincerely,

Craig H. Reide

1ST Day at Summer camp I went to the swimming beach to do my swimming tag and one of the staff that worked at the Health Lodge was also working down at the swim beach at this time, so I had my shirt off and ready to do my swim test and he saw my soar on my chest (my soar was about an inch in diameter and about 3 to 3 1/2 inches long) so he told me to go to the doctors office sometime that day, so I told him I would, but I didn't because I had so many things to do as S.P.L I forgot to go there, so I went 3 days late (and the soar wasn't infected or anything it was fine, I had had it for several weeks before and it never bothered me then, so why should it bother me now) well the 4TH day at camp I went to the Doc's office and showed him my soar and he said it was looking bad, but the funny thing is it wasn't even red, or infected, so he said we would have to put the iodine or something on it. Dear Ms. Woods:

This letter is a followup to our phone conversation regarding two concerns of people being accused of child molestations.

The first person accused is Rod Bauder of Sultan, and you'll be in touch with George Dodge who knows Rod and has more detailed information regarding this situation.

The second person accused is Allen Ewalt, and you recorded his address over the phone. Attached is the original letter (I kept a photo copy) written at the time by one of the Scouts [REDACTED]. There is also a letter from [REDACTED] and my reply that could prove helpful. If you need the names and phone numbers of some of the people mentioned, I'll be happy to share what we have.

There is another note given to us by [REDACTED] as told to her by a Scout named [REDACTED].

We appreciate your help by checking further into these situations. Our desire is not to accuse anyone unjustly because that can be unfair and harmful to them, but at the same time to protect children in and out of Scouting and our organization.

Sincerely,

Re: Allen C. Ewalt

Dear Loree:

Thank you for your letter of December 17th, concerning Allen C. Ewalt. We will abide by your recommendation to register Mr. Ewalt on probation. I do not feel justified, at the moment, to destroy his entire file. If you find no reason for any concern in the next two or three years, we shall seriously consider eliminating the file from our complete records.

We realize that the error which Mr. Ewalt made occurred in 1964 or 1965, and that many years have passed, since that time. I hope you find continued success in his Scouting relationship.

Please, keep me informed if you have any further questions.

Dear Paul:

As you and I discussed on the telephone we have met with Allen C. Ewalt and confronted with him the question if he was knowledgeable of the basis for his being denied registration with the Boy Scouts.

He indicates it was a dumb mistake he made several years ago and has done nothing since that time to warrant his denial of registration.

He has been registered in Evergreen Area Council for six years. During that period of time he has been involved at unit level, served as Camp Commissioner, Camp Health and Safety officer, attended National Camp School, attended Woodbadge and has organized units.

Several professional staff members to include the Camp Director, know him very well and have had many types of contact with him. There is no evidence that there is any basis for not reinstating him as a registered Scouter with this council.

Dear Paul:

I refer to the letter from your office denying the continued registration of Allen Ewalt, a member of this council.

The notification was delivered to him as per instructions in your letter.

He is not aware of any reason for which his registration should be denied nor do we since we have received no prior inquiries or denials of past registrations.

I have been the Council Executive here for over three years and he has maintained continued registration during that period.

During my three years tenure there has been no basis for denying him registration. He has served as an assistant Scoutmaster, a Unit Commissioner and a member of Camp Staff.

The basis for his writing your office was to determine the reason for denying his registration.

He has asked how he might be re-instated and according to the procedure outlined in the Registration Manual the Council President needs to appoint a committee to review his request.

It seems to me somewhere along the line either the individual or we should be told the reason for denial of his registration.

Sincerely,
